Subject: September 2026 close – calendar and cut-off

Dear all,

The September close will follow the usual calendar:
- Invoices received up to and including 30/09 are booked in the September purchase journal (AC).
- Supplier invoices dated in September, or relating to goods or services delivered in September, that are received after 30/09 must be listed for accrual.
- Goods or services received by 30/09 without an invoice are accrued at the PO price (net of VAT).
- Bank reconciliation and supplier statement reconciliations (Mediterra, Oceanic Safety, Côte d'Azur Ship Chandlers) are due on 05/10.

Thanks,
Claire Martin
Finance Director
